## Sumikon® PM-TX110

## Phenolic

**SBHPP** 

## Message:

SUMIKON PM-TX110 is a Heat dissipative themoset molding compounds, Electrical insulative based on Phenolic polymer. It is supplied in the form of Granular/Molding Powder for Molding.

| General Information              |                         |       |             |
|----------------------------------|-------------------------|-------|-------------|
| Filler / Reinforcement           | Inorganic filler        |       |             |
| Features                         | Insulation              |       |             |
| Appearance                       | Black                   |       |             |
| Forms                            | Powder                  |       |             |
