## Polycarbonate

### Samyang Corporation

#### Message:

TRIREX is the registered trademark of polycarbonate resin manufactured by Samyang Corporation. TRIREX polycarbonate resins offer superior mechanical properties, good dimensional stability and high electrical performance, which allows it to be widely used for electrical, electronic, appliance, automotive and optical industries. TRIREX 3030PJ is a polycarbonate resin grade which has high low temperature impact strength in combination with superior mechanical and physical property. Characteristics:

Granule Type Superior low temperature impact resistance Good flow-ability Workable under a wide range of temperatures (-100 °C ~ 135 °C) High electrical performance Good dimensional stability Low moisture absorbency Good weather resistance Applications:

TRIREX 3030PJ resin grade is designed for Compounding. High viscosity. Transparent colors only.
