

Silmar® SIL94BA-990

Thermoset Polyester
Interplastic Corporation

Message:

As the leading supplier of multi-use marble/onyx casting resins, we've developed hundreds of formulas to meet the specific requirements of our most demanding cast polymer manufacturers.

Our SIL94 series resins are widely used because they're designed to fit a broad range of product uses both in cultured marble and onyx. And they're manufactured with our legendary ability to achieve low color with the highest degree of consistency and quality.

SIL94BA-990 is an orthophthalic, medium viscosity marble/onyx resin that cures to a very low color, creating a deep translucent onyx.
