# **UNITEM® PEI**

## Polyether Imide

Nytef Plastics, Ltd.

## Message:

UNITEM Polyetherimide (PEI) is an amorphous thermoplastic that is manufactured from SABIC Innovative Plastics' ULTEM resin. UNITEM PEI is extremely rigid, dimensionally stable, and able to withstand continuous operating temperatures of 340°F. Because it offers superior resistance to autoclave sanitizing and is FDA/USDA compliant, UNITEM PEI is routinely specified for reusable machined components used in the medical and pharmaceutical industries. This material also offers electronic and semiconductor designers unmatched dielectric properties that are maintained over a wide frequency range. Unfilled UNITEM PEI is dark amber in color and semi-transparent. For applications that require improved stiffness, glass fiber filled grades with filler levels of 10%-40% are available. Nytef Plastics' UNITEM PEI stock shapes are UL V-0 rated and available in a full range of heavy gauge rod, plate and tubular bar sizes.

#### PRODUCT ATTRIBUTES

340°F continuous use temperature

Semi-transparent with light amber color

Excellent strength and rigidity, even at elevated temperatures

Low moisture absorption

Superior electrical properties

Rated UL V-0

Easily machined and fabricated

FDA, USDA compliant

Glass fiber filled grades for improved strength and stiffness

**INDUSTRIES** 

Medical and pharmaceutical

Aircraft and aerospace

Fluid handling

Electrical and electronics manufacturing

Microwave communications

**APPLICATIONS** 

Sight glasses

Manifolds

Electrical insulators

Electrical component housings

Aircraft instrumentation

## General Information

Features Amorphous

Autoclave Sterilizable

Food Contact Acceptable

Good Dimensional Stability

**Good Electrical Properties** 

**High Rigidity** 

High Strength

Low Moisture Absorption

Machinable

Uses Aerospace Applications

Aircraft Applications

Aircraft Interiors

Electrical Parts

Electrical/Electronic Applications

Eyeglasses

Fluid Handling

Medical/Healthcare Applications

Pipe Seals

Agency Ratings FDA Unspecified Rating

NSF Unspecified Rating

Appearance Clear Amber

Forms Preformed Parts

Rod

Physical	Nominal Value	Unit	Test Method
Specific Gravity	1.27	g/cm³	ASTM D792
Water Absorption			ASTM D570
