

POLIMAXX BM3245PC

High Density Polyethylene
IRPC Public Company Limited

Message:

BM3245PC (PE 80) is HDPE pipe compound produced by an advanced bimodal Hostalen process. It contains a combination of additives, stabilizers and well dispersed carbon black; great processability; high thermal stability; good chemical resistance and long service life. BM3245PC is created for producing a high performance in water pipe applications; drinking water, pressure, sewage and drainage pipes. It also meets the F.D.A. requirement in the code of federal regulations in 21 CFR 177.1520 for food contact. For more information, please email to info@irpcmarket.com

General Information	
Additive	Carbon Black
	Unspecified Additive
Features	Bimodal Molecular Weight Distribution
	Food Contact Acceptable
	Good Chemical Resistance
	Good Processability
	Good Thermal Stability
Uses	Piping
Agency Ratings	FDA 21 CFR 177.1520
RoHS Compliance	RoHS Compliant
Processing Method	Pipe Extrusion
