

# Durez® 16382VC

Phenolic  
SBHPP

## Message:

Durez® 16382 VC is a finely pulverized thermosetting phenolic resin compound. It has been formulated specifically for use as insulation coating for components like resistors, capacitors, coils, thick films, etc. In addition to the electrical insulation properties, these coatings also serve as heat insulator, provide increased mechanical protection and minimize effects that may result from exposure to high humidity conditions.
