

# Provista™ GP Copolymer

Thermoplastic Polyester

Eastman Chemical Company

## Message:

Eastman Provista™ GP Copolymer is a clear, amorphous material created for the profile extrusion market. It exhibits clarity, toughness and good melt strength at processing temperatures.

This product has been GREENGUARD INDOOR AIR QUALITY CERTIFIED®.

The GREENGUARD INDOOR AIR QUALITY CERTIFIED® Mark is a registered certification mark used under license through the GREENGUARD Environmental Institute (GEI). GEI is an industry-independent, non-profit organization that oversees the GREENGUARD Certification Program. The GREENGUARD Certification Program is an industry independent, third-party testing program for low-emitting products and materials for indoor environments. For more information about GEI and to obtain printable certificates for Eastman Copolyesters, visit [www.greenguard.org](http://www.greenguard.org). Choose Eastman Chemical Company under the Manufacturer category and click search to display a list of our products.

General Information	
Features	Amorphous
	E-beam Sterilizable
	Ethylene Oxide Sterilizable
	Good Melt Strength
	Good Toughness
	High Clarity
	Radiation Sterilizable
Uses	Profiles
Appearance	Clear/Transparent
Processing Method	Profile Extrusion
