NILFLEX® SH A30 MC009

Styrene Ethylene Butylene Styrene Block Copolymer Taro Plast S.p.A.

Message:

SEBS elastomer is the main consituent of these TPE-S (Thermoplastic Elastomer Styrenic) compounds. These compounds show high UV and ozone resistance. Nilflex SH is totally recyclable and it can be produced in standard grades and in tailor-made grades. Available in n atural, black and colored grade.
