

# Sylvin 8690-75 Clear 8370

Polyvinyl Chloride

Sylvin Technologies Incorporated

## Message:

Sylvin 8690-75 Clear 8370 Is A Vinyl Compound Formulated For Profile Extrusion Applications

| General Information                  |                   |                   |             |
|--------------------------------------|-------------------|-------------------|-------------|
| Uses                                 | Profiles          |                   |             |
| Appearance                           | Clear/Transparent |                   |             |
| Processing Method                    | Profile Extrusion |                   |             |
| Physical                             | Nominal Value     | Unit              | Test Method |
| Specific Gravity                     | 1.18              | g/cm <sup>3</sup> | ASTM D792   |
| Hardness                             | Nominal Value     | Unit              | Test Method |
| Durometer Hardness (Shore A, 10 sec) | 75                |                   | ASTM D2240  |
| Mechanical                           | Nominal Value     | Unit              | Test Method |
| Tensile Strength                     | 13.8              | MPa               | ASTM D638   |
| Tensile Elongation (Break)           | 380               | %                 | ASTM D638   |
| Elastomers                           | Nominal Value     | Unit              | Test Method |
| Tear Strength                        | 52.5              | kN/m              | ASTM D624   |
| Thermal                              | Nominal Value     | Unit              |             |
| Melting Temperature                  | 163 to 174        | °C                |             |
