

# S&E; PVC GTPR-1046FP

Thermoplastic Elastomer

S&E; Specialty Polymers, LLC

## Message:

S & E PVC GTPR-1046FP is a thermoplastic elastomer (TPE) product. It is available in North America. Typical application areas are: consumer goods.

| General Information        |                  |                   |             |
|----------------------------|------------------|-------------------|-------------|
| Uses                       | Footwear         |                   |             |
| Appearance                 | Available colors |                   |             |
|                            | Natural color    |                   |             |
| Forms                      | Particle         |                   |             |
| Physical                   | Nominal Value    | Unit              | Test Method |
| Specific Gravity           | 1.00             | g/cm <sup>3</sup> | ASTM D792   |
| Hardness                   | Nominal Value    | Unit              | Test Method |
| Durometer Hardness         |                  |                   | ASTM D2240  |
| Shaw A                     | 51               |                   | ASTM D2240  |
| Shaw A, 15 seconds         | 46               |                   | ASTM D2240  |
| Elastomers                 | Nominal Value    | Unit              | Test Method |
| Tensile Strength (Yield)   | 6.89             | MPa               | ASTM D412   |
| Tensile Elongation (Break) | 630              | %                 | ASTM D412   |
| Additional Information     |                  |                   |             |

Suggested Stock Temperature: 320-340°F Ross Flex, ASTM D1052, -20°F: 100000+
