# Silopren® LSR 2040

### Silicone Rubber, LSR

#### Momentive Performance Materials Inc.

#### Message:

Silopren LSR 2040 is a standard two-component liquid silicone rubber for injection molding processes. Because of its excellent processing properties it can be considered for use in a wide range of applications. Key Features and Benefits Vulcanizates consisting of Silopren LSR 2040 typically are distinguished by the following properties: High thermal stability Excellent stability and flexibility at low temperatures Excellent biocompatibility Sterilizable with ethylene oxide, steam and gamma radiation Good rubber-like properties Long service life at dynamic stress High stability to ozone and ultraviolet light Outstanding resistance to aging Excellent dielectric behavior over a wide range of temperatures Not readily combustible, does not melt or drip Easily-pigmentable with LSR Color Pastes **Potential Applications** Because of it's outstanding properties, Silopren LSR 2040 is an excellent candidate to consider for use in the following elastomeric articles: Sealing elements O-rings Stoppers Diaphragms Keypads Bellows Pacifiers Baby teats **Respiratory devices** Vibration dampers Nose pads Air vent flaps Cable connectors ... and many more.

| General Information |                             |
|---------------------|-----------------------------|
| Features            | Biocompatible               |
|                     | Ethylene Oxide Sterilizable |
|                     | Good Colorability           |
|                     | Good Processability         |
|                     | Good Stability              |
|                     | Good Thermal Stability      |
|                     | Good UV Resistance          |
|                     | Low Temperature Flexibility |
|                     | Ozone Resistant             |
|                     | Radiation Sterilizable      |
|                     | Steam Sterilizable          |
|                     | Vibration Damping           |
|                     |                             |
