## Bergamid™ A70 G25 H BK709

## Polyamide 66

PolyOne Corporation

## Message:

Bergamid™A70 G25 H BK709 is a polyamide 66 (nylon 66) product, which contains a 25% glass fiber reinforced material. It can be processed by injection molding and is available in the Asia-Pacific region.

| General Information  |   |                          |             |
|--|---|--------------------------|-------------|
| Filler / Reinforcement   | Glass fiber reinforced material, 25% filler by weight |                          |             |
| Appearance   | Black   |                          |             |
| Processing Method  | Injection molding                                     |                          |             |
| Physical   | Nominal Value   | Unit                     | Test Method |
| Specific Gravity   | 1.32  | g/cm³                    | ASTM D792   |
| Molding Shrinkage - Flow   | 0.40 - 0.70   | %                        | ASTM D955   |
| Mechanical   | Nominal Value   | Unit                     | Test Method |
| Tensile Strength <sup>1</sup>                                    | 160   | МРа                      | ASTM D638   |
| Flexural Modulus <sup>2</sup>                                    | 7000  | MPa                      | ASTM D790   |
| Flexural Strength <sup>3</sup>                                   | 240   | MPa                      | ASTM D790   |
| Impact   | Nominal Value   | Unit                     | Test Method |
| Notched Izod Impact (23°C, 3.20 mm)                              | 80  | J/m                      | ASTM D256   |
| Thermal  | Nominal Value   | Unit                     | Test Method |
| Deflection Temperature Under Load (1.8 MPa, Unannealed, 3.20 mm) | 240   | °C                       | ASTM D648   |
| Injection  | Nominal Value   | Unit                     |             |
| Drying Temperature   | 80.0 - 90.0   | °C                       |             |
| Drying Time  | 4.0 - 6.0   | hr                       |             |
| Rear Temperature   | 260 - 280   | °C                       |             |
| Middle Temperature   | 260 - 280   | °C                       |             |
| Front Temperature  | 260 - 280   | °C                       |             |
| Mold Temperature   | 65.0 - 85.0   | °C                       |             |
| Injection instructions   |   |                          |             |
| Injection Pressure: MED-HIGHHold Pressu                          | re: MED-HIGHScrew Speed: MOI                          | DERATEBack Pressure: LOW |             |
| NOTE   |   |                          |             |
| 1.   | 5.0 mm/min  |                          |             |
| 2.   | 1.3 mm/min  |                          |             |
| 3.   | 1.3 mm/min  |                          |             |
