ESENTTIA 02R01CA-1

Polypropylene Random Copolymer

Polipropileno del Caribe S.A.

Message:

Characteristics: High ethylene Random copolymer polypropylene with very good optical properties; very good impact resistance; with clarify and antistatic additives.

Recommended for: High clarity and very high impact resistance extrusion and injection blow molding containers; high transparency and stiff co-extruded blown films; high clarity general purpose sheet extrusion applications; impact and clarity modifier of homopolymer sheet extrusion and extrusion blow molding containers.

| General Information | | | | |
|---------------------|------------------------------------|--|--|--|
| Additive | Antistatic | | | |
| | Clarifier | | | |
| | | | | |
