# RTP 307 TFE 12

### Polycarbonate

**RTP** Company

#### Message:

Warning: The status of this material is 'Commercial: Limited Issue' The data for this material has not been recently verified. Please contact RTP Company for current information prior to specifying this grade.

| General Information  |                                   |                         |             |  |
|--|-----------------------------------|-------------------------|-------------|--|
| Filler / Reinforcement   | Glass fiber reinforced materia    | l, 40% filler by weight |             |  |
| Additive   | PTFE lubricant (12%)              | PTFE lubricant (12%)    |             |  |
| Features   | Lubrication                       |                         |             |  |
| RoHS Compliance  | Contact manufacturer              |                         |             |  |
| Appearance   | Black                             |                         |             |  |
|  | Natural color                     |                         |             |  |
| Forms  | Particle                          |                         |             |  |
| Processing Method  | Injection molding                 |                         |             |  |
| Physical   | Nominal Value                     | Unit                    | Test Method |  |
| Specific Gravity   | 1.60                              | g/cm <sup>3</sup>       | ASTM D792   |  |
| Molding Shrinkage - Flow (3.18 mm,   | 1.00                              | g/cm                    | ASTIM D752  |  |
| Injection Molded)  | 0.10 - 0.20                       | %                       | ASTM D955   |  |
| Mechanical   | Nominal Value                     | Unit                    | Test Method |  |
| Tensile Modulus (Injection Molded)   | 12100                             | MPa                     | ASTM D638   |  |
| Tensile Strength   | 117                               | MPa                     | ASTM D638   |  |
| Tensile Elongation (Yield, Injection<br>Molded)                              | 2.0                               | %                       | ASTM D638   |  |
| Flexural Modulus (Injection Molded)  | 9990                              | MPa                     | ASTM D790   |  |
| Flexural Strength (Injection Molded)   | 179                               | MPa                     | ASTM D790   |  |
| Impact   | Nominal Value                     | Unit                    | Test Method |  |
| Notched Izod Impact (3.18 mm, Injection<br>Molded)                           | 130                               | J/m                     | ASTM D256   |  |
| Unnotched Izod Impact (3.18 mm)  | 690                               | J/m                     | ASTM D4812  |  |
| Thermal  | Nominal Value                     | Unit                    | Test Method |  |
| Deflection Temperature Under Load (1.8<br>MPa, Unannealed, Injection Molded) | 149                               | °C                      | ASTM D648   |  |
| Flammability   | Nominal Value                     |                         | Test Method |  |
| Flame Rating (1.50 mm)   | НВ                                |                         | UL 94       |  |
| Additional Information   |                                   |                         |             |  |
| The value listed as Flammibility, UL 94, was                                 | tested in accordance with RTP Cor | npany methods.          |             |  |
| Injection  | Nominal Value                     | Unit                    |             |  |
| Rear Temperature   | 249 - 293                         | °C                      |             |  |

| Middle Temperature | 249 - 293   | °C  |  |
|--------------------|-------------|-----|--|
| Front Temperature  | 249 - 293   | °C  |  |
| Mold Temperature   | 66.0 - 93.0 | °C  |  |
| Injection Pressure | 69.0 - 103  | MPa |  |
