

# EPSeal® 100

Thermoplastic Elastomer

ELASTO

### Message:

Sealing compounds for crown corks  
The EPSeal 100 series is designed for crown corks and can be used for carbonated beverages including lemonades, beer, mineral water, juices and milk based drinks.  
Different versions accommodate all the beverage processing systems including sterilisation. Additional versions address steel down-gauging as well as twist off crown applications.  
Our laser marking versions support beverage promotion strategies.
