# **Eco-Solutions GP335C**

### Polylactic Acid + PBS

#### Minima Technology Co., Ltd.

#### Message:

Description:

Eco Solution GP300 is a PLA (polyactide) based alloy with PBS (Poly Butylene Succinate) and is certified as a biodegradable resin and meet ASTM D6400, EN13432. The processibility and toughness are greatly improved and thus can be leaded in INJECTION process easily. Applications

Superior injection material can work friendly with conventional INJECTOIN Machine

| General Information   |                   |          |             |
