Hifax CB 1160 A

Polypropylene Copolymer

LyondellBasell Industries

Message:

"Hifax" CB 1160 A is a medium flow, 10% mineral filled high impact polypropylene copolymer suitable for injection moulding. The grade has been specifically designed for moulding large complex parts that require high impact strength as well as good stiffness. This product is designed for painted applications such as bumpers. This grade is available in custom colour, pellet form.

Filler / Reinforcement Mineral, 10% Filler by Weight Features Copolymer Good Colorability Good Stiffness Good Stiffness Good Surface Finish High Impact Resistance Medium Flow Non-Toxic Paintable Uses Automotive Applications Automotive Exterior Parts Automotive Exterior Parts Automotive Exterior Parts Pellets Processing Method Injection Molding Physical Nominal Value Unit Methanical Nominal Value Stor 133 Methanical Nominal Value Inject 7.2 Kg) 140 g/10 min ISO 1133 Methanical Nominal Value Unit Test Method Inspect 19.0 MPa ISO 1133 Methanical Nominal Value Unit Test Method Impact 160 0113 ISO 1133 ISO 1133 Methanical Nominal Value Unit Test Method Terrise Strives (Yield) 19.0 MPa ISO 1133 Impact Nominal Value Unit Test Method	General Information
