

Varcum 29109

Phenolic

Durez Corporation

Message:

Varcum 29109 is a thermosetting phenolic resin in lump form.
Varcum 29109 is recommended for use in metal coating applications.
The use of modifying agents tend to reduce the maximum chemical resistance and, therefore, the incorporation of such agents is not generally recommended. Alcohol and/or ketone solvent systems are required with this product; the use of hydrocarbon solvents is not practical.
